

Mindy Conklin, MRT, RRT-ACCS, RRT, is a trailblazer in the field of respiratory therapy. She earned her Associate's degree in Respiratory Care from Southern State Community College in 2010, followed by a Bachelor's degree in Health Care Management from Ohio Christian University in 2013. In 2021, she completed her Master's degree in Respiratory Therapy at The Ohio State University. Mindy worked at the Ohio State Wexner Medical Center for 13 years, gaining extensive experience before stepping into her groundbreaking role as the world's first practicing Advanced Practice Respiratory Therapist (APRT). She is currently practicing at the VA Medical Healthcare Systems in Baltimore, where she continues to pioneer advancements in respiratory care.
